

ADER *Express*

*“The ANSWER to
your emergencies”*

Our company

Since it began operations in 1992, **ADER** has committed itself to specialisation as the best means of responding to all those urgent transportation requirements arising from the production process.

Our **EXPRESS SERVICE** allows us to meet any logistical challenge in delivering your orders, supplying assembly lines, value added deliveries, etc... in effect being your dependable supplier and consultant.

ADER believes that Quality is an essential part of giving good service, that is why it complies with UNE-EN-ISO 9002/94

Our services

Through its **EXPRESS SERVICE**, **ADER** offers tailor made solutions for urgent transport needs.

Speed, reliability, communication and flexibility are the bases for the range of **EXPRESS SERVICES** offered to our customers.

The Professionals in our Traffic Department will advise you of the most suitable ways to use the Service.

Road Express

This exclusive land service permits urgent door to door transportation, beginning and/or ending within mainland Spain, overseas together with reduced transit times.

- ▣ **ADER** offers you a large fleet of vehicles tailored to your every requirement.
- ▣ The service is exclusive, so your goods are not grouped with others and our drivers help with the loading and unloading.
- ▣ The delivery is continuously tracked and its geographical position always known. When the delivery has been made our Traffic Department will inform you.
